

HEAT PUMP SIZING REQUEST FORM

Contact Name* _____ Title* _____

Company Name* _____

Complete Street Address* _____

City _____ State • Province • Region _____

ZIP • Postal Code _____ Country _____

Contact Email* _____

Contact Phone* _____

Job Name / ID* (For reference) _____

Register Job?* Yes No

** Denotes Required Field*

Technical Specifications

Building Type* _____

Unit Type*: Air Source Water Source TBD

Application* _____

Unit Location*: Indoor Outdoor TBD

Peak Demand* _____

Peak Demand Duration* (Number of hours in a 12 hour period) _____

Off-Peak Demand* _____

Off-Peak Demand Duration* (Number of hours in a 12 hour period) _____

Peak Demand Unit*: BTU/hr GPM GPH

Ambient Air / Source Water Temperature (°F)* _____

Entering Heated Water Temperature (°F)* _____

Heated Water Storage*:

Pre-determined	Please Provide Analysis	N/A
----------------	-------------------------	-----

Storage Water Temperature (°F) _____

Existing storage size (If present) _____

Is there a maximum allowable storage size?* Yes No

If yes, what is it? _____

Usable Storage Capacity (80% will be assumed unless otherwise specified.) _____

Please describe if and/or how storage will be utilized and any constraints.* _____

Integration with a building management system?* Yes No TBD

If yes, what is the protocol? _____

Please provide photos of existing system by attaching them to the email that will be created when you send this form.

Helpful photos include: existing water heater nameplate, existing tank nameplate, tank water connection locations, etc.

Any additional notes:
