

# SELECT<sup>®</sup> DAIRY BARN

## Self-Cleaning Electric Water Heater

This 80-gallon electric water heater is equipped with two heating elements, with thermostats that are adjustable up to 180°F, to provide sanitizing hot water required in a dairy barn environment. It is also shipped with a base with 4" legs, to raise the water heater off the floor to simplify and maintain sanitary conditions.

### Self-Cleaning Turbo Coil Dip Tube

- Designed with jet ports that direct incoming cold water to create turbulence and reduce sediment buildup in the tank
- Reduced sediment buildup helps prolong tank life and maximizes high energy-efficiency
- Made from State PEXAN<sup>™</sup>, a cross-linked polymer that can withstand long-term exposure to temperatures up to 400°F

### Two 4500-Watt Heating Elements, Each with 180°F Thermostat

- Elements are available non-simultaneous or simultaneous with off-peak metering as demanded by zone requirements
- 180°F thermostat allows hot water sanitization

### Glasslined Tank with Two Anode Rods

- Provides maximum protection against corrosion

### 2"-Thick (R-16) Foam Insulation for High Energy-Efficiency

### Durable Brass Tamper-Resistant Drain Valve

### Certified and Rated T&P Relief Valve

**Code Compliance:** Meets the Federal Minimum Energy Standards according to the latest edition of the National Appliance Energy Conservation Act (NAECA). Also complies with ASHRAE 90.1-2004 and Current Editions of ICC Codes and HUD Standards.

### 3-Year Limited Tank Warranty, 1-Year Limited Parts Warranty

- Consult written warranty or contact State Water Heaters for complete information
