FOR IMMEDIATE RELEASE**NEW STATE BROCHURE HIGHLIGHTS WATER HEATERS WITH
EXCLUSIVE BLUE DIAMOND™ GLASS COATING**

ASHLAND CITY, TENN. – December 30, 2004 – New and now available from State Water Heaters is a brochure that highlights State Premier® residential water heaters.

These top-of-the-line gas and electric water heaters are now equipped with the patented Blue Diamond™ glass coating. State's Premier gas and electric water heaters offer State's highest energy factors – .63 on gas; .94 or .95 on electric and are backed by a ten-year warranty.

These models also feature technology that helps prevent harmful sediment build-up. They are equipped with the self-cleaning Turbo Coil™, the original sediment-fighting design for residential water heaters and a fixture on State's top-of-the line units since 1982.

State Water Heaters is a leader in the design and manufacture of a comprehensive line of water heaters for commercial and residential applications. The company currently holds several patents for technological advancements in the water heater category. For more information on Premier and the complete line of State residential water heaters, call 1-800-365-0024, or visit www.statewaterheaters.com.
